

Sam Okafor
Backend Developer

SUMMARY

Backend developer with 2 years of experience building server-side systems in Python and Django.

EXPERIENCE

Backend Developer, LumenPay (2024 - Present)

- Designed and built REST APIs in Django for the payments service.
- Modernised how the payments service was packaged and shipped, cutting new developer environment setup from a full day down to under an hour.
- Used PostgreSQL for the primary transactional database, including schema migrations.
- Maintained the Git workflow and code review process for the team.

SKILLS

Python, Django framework, REST API design, PostgreSQL, Git

EDUCATION

BSc Computer Science, University of Nottingham (2020 - 2023)
