

Jordan Ellis

Backend Developer

SUMMARY

Backend developer with 2 years of professional experience building and maintaining server-side systems for a mid-sized e-commerce company.

EXPERIENCE

Backend Developer, NovaCart Retail Ltd (2024 - Present)

- Built and maintained REST APIs in Python (Flask) for the order-management system.
- Worked closely with the platform team to modernise how the checkout service was packaged and shipped, cutting release day incidents by a noticeable margin.
- Wrote integration tests using pytest and maintained CI pipeline configuration.
- Used PostgreSQL for primary data storage, including schema migrations.

SKILLS

Python, Flask, REST APIs, PostgreSQL, Git, pytest, CI/CD pipelines

EDUCATION

BSc Computer Science, University of Leeds (2021 - 2024)
