

Oscar Bennett
Mechanical Design Engineer

SUMMARY

Mechanical Design Engineer with 3 years of experience in SolidWorks and tolerance analysis for manufactured parts.

EXPERIENCE

Mechanical Design Engineer, Ferro Dynamics (2023 - Present)

- Designed manufactured parts and assemblies in SolidWorks and produced manufacturing drawings.
- Validated a bracket redesign under expected load before committing to a physical prototype, avoiding an unnecessary and costly iteration.
- Performed tolerance stack-up analysis on critical assemblies.

SKILLS

SolidWorks, AutoCAD, tolerance stack-up analysis, manufacturing drawings

EDUCATION

BEng Mechanical Engineering, University of Leeds (2019 - 2023)
