

PROFESSIONAL SUMMARY

Dedicated frontend developer with 2 years of hands-on experience building responsive, user-centric web applications using JavaScript, React, HTML, and CSS. Adept at translating design mockups into functional interfaces and integrating with REST APIs to deliver seamless user experiences. Committed to clean code practices and cross-browser compatibility.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

UNIVERSITY OF NORTHWESTERN

GRADUATED 2019

SKILLS

JAVASCRIPT, REACT, HTML5, CSS3, REST API, JAVASCRIPT OBJECT NOTATION, JSON, GIT, FIREFOX DEVELOPER TOOLS, CHROME DEVELOPER TOOLS, BOOTSTRAP, GOOGLE FONTS, Figma, Adobe XD, JIRA, CONFLUENCE, SLACK, MS OFFICE, LINUX COMMAND LINE

EXPERIENCE

FRONTEND DEVELOPER

EASYSHOP SOLUTIONS

DECEMBER 2021 - PRESENT

- Developed and maintained responsive web interfaces for e-commerce platforms using React and JavaScript, ensuring cross-browser compatibility and optimal performance.
- Collaborated with designers to implement UI components from Figma mockups, maintaining a clean and consistent visual design across all pages.
- Integrated REST APIs to enable product data retrieval, user authentication, and shopping cart functionality, improving application responsiveness and data accuracy.
- Optimized page load times by implementing code splitting and lazy loading techniques, resulting in a 30% improvement in performance metrics.

FRONTEND DEVELOPER

SMARTTALK TECHNOLOGIES

JUNE 2020 - NOVEMBER 2021

- Built interactive dashboards for customer analytics using React and CSS frameworks, enhancing data visualization and user engagement.
- Implemented responsive layouts using Bootstrap and CSS Grid, ensuring optimal viewing experience on all device types.
- Worked closely with backend teams to ensure smooth API integration, reducing data loading delays by 25%.
- Conducted code reviews and provided feedback to junior developers, promoting consistent coding standards and best practices.

PROJECTS

MOBILE FRIENDLY E-COMMERCE PLATFORM

- Designed and developed a fully functional e-commerce website using React and REST API integration, allowing users to browse, search, and purchase products.

- Implemented a dynamic product catalog with filtering and sorting features, improving user navigation and conversion rates.
- Ensured accessibility and responsiveness across all screen sizes, enhancing user satisfaction and platform usability.

SOCIAL MEDIA ANALYTICS DASHBOARD

- Created a real-time analytics dashboard using React and Chart.js to visualize user engagement metrics from social media platforms.
- Built a modular component structure to allow for easy scalability and future feature additions.
- Integrated with REST API endpoints to fetch and display user activity data, providing actionable insights for marketing teams.
